

Totally Locally Meeting—a small step to a great future!

Monday Jan 21, RSL Rooms from 6pm.

What is Totally Locally?

A TOTALLY FREE, AWARD WINNING CAMPAIGN. Totally locally gives our town an award winning marketing and branding campaign for us to use FREE . Don't believe it check out www.totally-locally.co.uk

Totally Locally is about opening our eyes to the great potential we have locally around us. It is to encourage us to find ways to support local ideas, business and services so Eudunda is a place people want to visit, stay and play.

Totally Locally gives us a plan and cool marketing and branding stuff. We need to supply the team of committed people, champions for our town. It costs nothing except some passion, some drive, and a bit of elbow grease and determination to get things done.

Totally locally is more than a shop local program. It is about working together to lift our whole town and build a sense of place.

INTERESTED?

Decide if you think this is something you want to be part of and whether it is right for our area. We want you to commit to it, get a bit giddy and excited and for you to go for it.
