

Sheep production ... from the beginning

Goyder Women in Farm Business

Tuesday 21 July 2015 : 9:00 am – 3:00 pm

This project is supported by South Australian Murray-Darling Basin Natural Resources Management Board, through funding from the Australian Government's National Landcare Programme.

Supported by:

Government of South Australia
South Australian Murray-Darling Basin
Natural Resources Management Board

Goyder Women in Farm Business will be hosting two sheep nutrition and management workshops; the July 2015 program (below) will be followed by a practical day in the paddock (date to be arranged at first workshop).

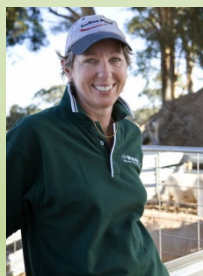

Program:

- Sheep Nutrition
 - How the rumen works
 - Protein and energy requirements
- What are DSE's
- Sheep Health
 - including mastitis and parasites, ie, lice, flystrike, worms, diseases
 - treatments
 - symptoms of disease
- Management of pregnant ewes & feed requirements
- Lambing management
- Wool Reports
 - How to read them
 - What each component means
- Marketing strategies to sell wool

Feed in Paddocks

- Assessing pastures
- Supplementary feeding, mineral supplements and lick blocks
- Introduction of grain

(More on feed in paddocks...next workshop... on-farm)

Presented by San Jolly, Productive Nutrition. San is an enthusiastic presenter with a wealth of livestock business knowledge including nutrition, health, welfare, management, mixed farming and intensive feeding systems.
